 ATKID;
 MC #30
 KIDNAPING
 OO: AT

For information to the Bureau, subject Williams was indicted by a Fulton County Grand Jury on 7/16/81 for the murder of Nathaniel Cater and Jimmy Ray Payne. Trial could be set for within 30 days of indictment or could be held as late as September, 1981.

The Special Projects and Technical Services Sections should be aware that trial could be held in as short a time as 30 days, and should plan accordingly in preparation of exhibits for use at the trial.

OO: ATLANTA

RE BUREAU TELETYPE TO ATLANTA, DATED JUNE 25, 1981.

FOR THE INFORMATION OF THE BUREAU, COMMERCIAL TESTING COMPANY, INCORPORATED, DALTON, GEORGIA, WAS COMMISSIONED TO CONDUCT A CARPET EVALUATION AND AN INDEPENDENT ANALYSIS ON A SAMPLE OF CARPET OBTAINED FROM THE HOME OF WAYNE BERTRAM WILLIAMS. RESULTS OF THE ANALYSIS WERE USED FOR COMPARISON AGAINST WEST POINT PEPPERELL (CABIN CRAFTS CARPET), DESCRIBED AS "LUXAIRE" STYLE, ENGLISH OLIVE COLOR, WHICH IS A SINGLE PLUSH CUT CARPET MANUFACTURED FROM 100 PERCENT SINGLE NYLON YARN.

Director's Sec'y	

3 JUL 1981

THE FOLLOWING IS A BREAKDOWN OF THE EVALUATION CONDUCTED BY COMMERCIAL TESTING ON THE WILLIAMS' SAMPLE, JULY 10, 1981:

TEST METHOD: ASTM D 418 "WOVEN AND TUFTED PILE FLOOR COVERING"

MATERIAL IDENTIFICATION: CONSTRUCTION - TUFTED CUT PILE; COLOR - GREEN; PRIMARY BACKING NON-WOVEN SYNTHETIC; SECONDARY BACKING - JUTE.

TEST RESULTS: PILE YARN WEIGHT 18.05 OUNCES/SQUARE YARD; PILE THICKNESS - .342 INCH; STITCHES - 10.7 PER INCH; GAUGE (NEEDLES) - 6.5 PER INCH.

ADDITIONALLY, COMMERCIAL TESTING PHOTOGRAPHED CROSS-SECTIONAL FIBERS OF BOTH LEXAIRE AND WILLIAMS' SAMPLE AND PHOTOGRAPHED THOSE FIBERS UNDER 200 POWER MAGNIFICATION. MELT POINT FOR THE WEST POINT PEPPERELL WAS 258 DEGREES CENTIGRADE; WHILE MELT POINT WAS 260 DEGREES CENTIGRADE FOR WILLIAMS' SAMPLE. COMPARISONS OF THE PHOTOGRAPHS CONFIRMED THAT BOTH PRODUCTS WERE MANUFACTURED FROM WELLMAN FIBER.

bx [REDACTED] WEST POINT PEPPERELL, STATED THAT HIS COMPANY'S EVALUATION OF THE COMMERCIAL TESTING COMPANY'S RESULTS WITH LUXAIRE REVEALED THE FOLLOWING:

7

5

PRIMARY BACKING FOR BOTH CARPET SAMPLES WERE MANUFACTURED OF "TYPAR", A SYNTHETIC MANUFACTURED BY THE DUPONT CORPORATION. SECONDARY BACKING FOR BOTH SAMPLES ARE SEVEN OUNCES JUTE WHICH CONFORMS TO WEST POINT PEPPERELL'S SPECIFICATIONS FOR LUXAIRE. THE PILE HEIGHT OF EACH SAMPLE WAS $11/32$ OF AN INCH, WHICH AGAIN MATCHED WEST POINT PEPPERELL'S SPECIFICATION FOR LUXAIRE. THE STITCH COUNT FOR THE WILLIAMS' SAMPLE WAS 31 AND ONE HALF/3; AND FOR THE WEST POINT PEPPERELL PRODUCT WAS $32/3$. THIS IS EQUIVALENT TO 10.7 PER INCH TUFTING WHICH FALLS INTO THE WEST POINT PEPPERELL SPECIFICATIONS. THE GAUGE COUNT FOR BOTH SAMPLES ARE IDENTICAL AT 6.5 PER INCH.

THE FINISHED WEIGHT OF THE WILLIAMS' SAMPLE WAS 18.05 OUNCES PER SQUARE YARD, WHILE THE WEST POINT PEPPERELL SAMPLE HAD A TUFTED SPECIFICATION WEIGHT MINUS FINISHING OF 18.6 OUNCES PER SQUARE YARD. ACCORDING TO [REDACTED] THE WEIGHT DIFFERENCES IN THE TWO SAMPLES CAN BE ATTRIBUTED TO NORMAL SHEDDING AND SHEARING PROCESS AT THE TIME OF MANUFACTURE. [REDACTED] STATED THAT THE "TYPAR" BACKING FOUND IN BOTH PRODUCTS WAS UNIQUE TO THE INDUSTRY AT THAT TIME OF MANUFACTURE. [REDACTED] SAID THAT THIS TYPE OF PRIMARY BACKING WAS VERY NEW AND THAT THERE WERE VERY FEW

7
6-7c
]

MANUFACTURERS USING "TYPAR" AS A PRIMARY BACKING IN THE CONSTRUCTION OF SHORT-CUT PILE CARPET.

██████████ PROVIDED A DYE FORMULA FOR ENGLISH OLIVE LUXAIRE AS FOLLOWS:

- A) 1. PERCENT HOLF (CHEMCOGEN MANUFACTURED BY CHEMICAL PROCESSING OF DALTON).
- B) 1. PERCENT OF TRISODIUM PHOSPHATE.
- C) .11 PERCENT CELANTHRANE (DUPONT BLUE NUMBER SEVEN).
- D) .85 PERCENT, CIBA SET YELLOW GBA (CIBA GEIGY YELLOW, DISBURSE NUMBER 3).
- E) .107 PERCENT CIBA SET SCARLET GN (CIBA GEIGY - MIXTURE OF TWO REDS).

██████████ SAID THAT THE ABOVE FORMULA WAS UTILIZED IN THE MANUFACTURER OF ENGLISH OLIVE, BUT IT IS NOT AN IMPOSSIBILITY THAT COMPETITIVE DYES MAY HAVE BEEN SUBSTITUTED IN THE ABOVE FORMULA.

██████████ WEST POINT PEPPERELL LABORATORY, SPRINGDALE PLANT, EXTENSION 336, IS THE INDIVIDUAL TO CONTACT FOR ADDITIONAL INFORMATION CONCERNING DYE STUFF.

██████████ STATED THAT ALL YARN MANUFACTURED FROM WELLMAN

b7c

SPECIMENS: Sixty-eight lifts
One roll of film
Copies of finger and palm prints of Nathaniel Cater, FBI #784476J3
Major case prints of Wayne Bertram Williams, FBI #647900F9
Copy of palm prints of John H. Porter

This report confirms and supplements LFPS report dated 6-9-81.

7-18251-023
Thirty-six latent fingerprints, two latent impressions, which are either finger or palm prints, and twenty-seven latent palm prints of value are present on forty-eight of the lifts. No latent prints of value are present in the film or on the remaining lifts.

Eighteen of the latent prints have been identified as finger and palm prints of Wayne Bertram Williams, FBI #647900F9. The remaining latent prints are not finger or palm prints of Williams. These latent prints were compared with the available finger and palm prints of the victims in this case, but no identification was effected.

[REDACTED] Mohasco Corporation, 57 Lyon Street, Amsterdam, New York, along with [REDACTED] Product Development Supervisor, and [REDACTED] Product Development, were contacted on 7/17/81 and provided with the sample of green carpet from subject's residence which was previously sent to Albany in re airtel. [REDACTED] and [REDACTED] were re-contacted on 7/20/81 and advised that after extensive tests based on a digestive analysis of the sample carpet, they could state beyond a reasonable doubt that that carpet was not manufactured by the Mohasco Corporation. Basically, [REDACTED] outlined the following reasons why the tests conducted on 7/17/81 at their plant in Amsterdam, New York revealed that the sample could not be identifiable with any carpet ever made at Mohasco: b7c

The specs of the carpet manufactured by Mohasco that used the Wellman 181B fiber were obtained at Mohasco on 7/20/81 and are being forwarded to Atlanta for future reference. [REDACTED] stated that a true digestive analysis on a sample of carpet should be conducted using a 12 by 18 inch sample. The sample provided to Albany was approximately 7 x 3 inches and from that, Mohasco was able to conduct tests on two 2 x 2 inch portions of the sample. Even so, the digestive analysis revealed the following:

- (1) The sample from the subject's bedroom revealed a gauge of 5/32. Mohasco used the Wellman 181B only in a 3/16 gauge.
- (2) The sample provided revealed 10.5 rows per inch whereas Mohasco used 7 rows per inch in their carpets.
- (3) The pile height of the sample was .300 inches compared to Mohasco's carpet which had a pile height of .400 inches.
- (4) The primary back of the sample compared to Mohasco's was very different. The sample was a non-woven, polypropylene compared to Mohasco's woven polypropylene.
- (5) The face weight of the sample showed the weight per square yard to be 20.5 or 20.6 ounces compared to Mohasco's 22 ounces. [REDACTED] stated that with the error factor thrown in, b7c the face weights could be identical.)
- (6) The total weight per square yard of the sample would be approximately 51.4 ounces compared to Mohasco's 56 ounces.

(7) Most importantly, [REDACTED] and [REDACTED] both stated that Mohasco never used any dye in its Wellman fiber carpets which was in any way similar to the green sample provided in referenced airtel. 7

The representatives at Mohasco stated that even with the error factor, they could state beyond a reasonable doubt that the subject's carpet was never manufactured by their corporation. [REDACTED] stated that his corporation was willing to assist in any future tests and should a request be made of them to conduct an analysis on any other sample regarding this matter, they would be happy to conduct that test at their plant in Amsterdam, New York. b7c

- j) wire with plug;
- k) black bottle of Griffin liquid wax;
- l) rectangular flat metal can;
- m) round metal lid;
- n) metal handle;
- o) plastic knife;
- p) Eveready battery;
- q) round plastic lid;
- r) black plastic handle.

All the aforementioned items were recovered from the living room area.

✓ (2) One brown paper bag containing the following:

- a) two notebooks with writing;
- b) cartridge case;
- c) Polaroid negative.

The above items were removed from the bathroom area.

✓ (3) One brown paper bag containing the following:

- a) envelope with writing;
- b) eleven cartridges.

AT 7A-1835

Items listed in numeral three were removed from the kitchen area.

✓ (4) One brown paper bag containing 28 miscellaneous papers recovered from bathtub in the bathroom area.

✓ (5) One brown paper bag containing the following:

- a) knife;
- b) chisel;
- c) screwdriver.

The above items were removed from the closet in the bedroom area.

✓ (6) One manila envelope containing one photograph removed from the front yard.

For information of the Bureau, the above-described items were seized from the residence of victim Michael McIntosh, 620 Windsor Street, Atlanta, Georgia, on 6/8/81.

REQUEST OF THE BUREAU

LATENT FINGERPRINT SECTION:

The Latent Fingerprint Section is requested to examine the above enclosures for any latent fingerprints of value. If any latents of value are developed, compare these latents with the known fingerprints of Wayne Bertram Williams, FBI Number 847 900 P9.

All aforementioned items to be returned to the Atlanta Division following results of the examination.

Re Atlanta teletype to the Bureau, dated 7/24/81.

Enclosed for the Bureau is a carpet sample received from Collins and Aikman (C&A), Carpet Division, Dalton, Georgia.

On 7/27/81, C&A provided FBI a small piece of blue carpet, which said company feel is similar to same carpet taken from subject's home. C&A personnel stated that sample blue carpet has a primary backing of "Tyrar" and a secondary backing of Jute.

Attempts to obtain documentation/specifications and a distribution list of blue carpet met with negative results.

b7c
Dear [REDACTED]

I've enclosed a piece of the carpet taken from the suspect's home in Atlanta. This is for your own use and does not have to be returned.

I've already mentioned that it appears that West Point Pepperell in Dalton may be the carpet manufacturer. I am currently awaiting samples of carpet and, hopefully, dye from West Point so as to conduct comparison examinations. I will keep you advised.

As previously mentioned, we eventually want to identify other purchasers of Wellman fiber from 1967 through 1974 in addition to the spinners of single-ply yarn which you previously furnished us.

Thanks again for your assistance and the assistance of others in the Wellman Company.

Sincerely yours,
[REDACTED] b7c

ATTENTION *b7c* [REDACTED] LABORATORY

ATKID; MAJOR CASE NUMBER 30; KIDNAPING; OO: ATLANTA.

REFERENCE BUREAU TELETYPE TO ATLANTA, JUNE 25, 1981.

ON JUNE 17, 1981, [REDACTED] YARN *b7c*
DIVISION, THE BIBB COMPANY, MACON, GEORGIA, ADVISED HIS
COMPANY RECORDS INDICATE THE CARPET YARNS MANUFACTURED BY
MALCOLM SPINNING, EAST MIDDLE STREET, HANOVER, PENNSYLVANIA,
WHICH WAS BOUGHT BY THE BIBB COMPANY, WERE COMPOSED OF THE
WELLMAN FIBERS BLENDED WITH A 25 PERCENT ALLIED LIGHT DYE
BEFORE CONVERSION TO YARN. *(15)*

b7c [REDACTED] ADVISED HE COULD NOT DETERMINE THE TYPE OF CARPET
YARN THAT THE MALCOLM SPINNING COMPANY PRODUCED BUT THAT THE
BIBB COMPANY PRODUCES THE FOLLOWING YARN: 1.70/1 COTTON COUNT

Exec AD-Adm.	
Exec AD-Inv.	
Exec AD-LES	
Asst. Dir.:	
Adm. Servs.

100 PERCENT, 15 DENIER POLYESTER, 2.00/1 COTTON COUNT 100 PERCENT
6 DENIER NYLON, 2.50/2 COTTON COUNT, 2 PLY HEAT SET WITH
15 PERCENT NYLON; 2.25/2 COTTON COUNT, 100 PERCENT, 15 DENIER
POLYESTER; 2.20/1 COTTON COUNT, 100 PERCENT NYLON, 15 DENIER.

HE ADVISED THERE IS NO WAY TO DETERMINE THE TYPE CARPET
YARNS EACH COMPANY PRODUCES NOR DOES THE BIBB COMPANY SUBJECT
THEIR YARN TO ANY TYPE OF PROCESSING OR TREATMENT WHICH COULD BE
USED TO LATER IDENTIFY THE YARN WITH A SPECIFIC COMPANY. [REDACTED] b7c
ADVISED IN THE TIME FROM 1967 TO 1974 CARPET WAS DYED IN LOTS OF
ONLY 3000 FEET INCREMENTS AND THAT POSSIBLY THE USE OF A
DIFFERENTIAL SCANNER ON THE CARPETING QUESTION COULD BE DETERMINED
IF THE FIBERS CAME FROM THE SAME DYE LOT OR HAD A DISTINCTIVE
SHADE AND/OR HAD BEEN TREATED WITH A CHEMICAL SUCH AS SCOTCHGUARD.

b7c [REDACTED] STATED UPON DISSECTING A PIECE OF THE SAMPLE CARPETING
QUESTIONED THAT THE PRIMARY BACK LOOKS LIKE TYPAR, WHICH IS
A DUPONT NON-WOVEN TYPE WHICH IS NOT NORMALLY USED IN A RESIDENTIAL
GRADE OF CARPET AND THAT THE JUTE BACKING LOOKS STANDARD. HE
ADVISED THAT THE FOLLOWING COMPANIES MIGHT HAVE MADE THE SAMPLE
PIECE OF CARPET IN QUESTION: TREND MILLS, ROME, GEORGIA;
VENTURE CARPET, CALHOUN, GEORGIA, (OUT OF BUSINESS); BUCK CREEK

37

INDUSTRIES HAD A SUBSIDIARY NAME UNKNOWN, CARRIAGE CARPETS,
CALHOUN, GEORGIA, CRUSADER CARPETS, CHATSWORTH, GEORGIA, (OWNED
BY LONE STAR CEMENT).

etc [REDACTED] INDICATED HE WAS ACCEPTABLE TO ADDITIONAL
CONTACTS CONCERNING THIS MATTER AND CONCLUDED THAT THE
PIECE OF CARPET IN QUESTION IS MAINLY USED NOW FOR AUTOMOBILES.

DETAILS: During the early part of May, 1981, the Atlanta Office decided to pursue the investigative technique of surveilling selected bridges along the Chattahoochee River since six of the eight last victims had been discovered in the river. The Atlanta Police Department (APD) was approached regarding this investigative technique, and Morris Redding, Deputy Chief in charge of the Atlanta Task Force, was asked to provide manpower to implement this bridge surveillance. *10*

Redding indicated that the only manpower available was to be obtained from the training class of police recruits, and, ultimately, the bridge surveillance was implemented using two police recruits, one FBI Agent, and one APD officer for each bridge.

The events surrounding the incident during the early morning hours of 5/22/81 were ascertained from interviews of the SAC, Atlanta, Agents involved in the ATKID special, and a complete review of the prosecutive report by Atlanta dated 6/17/81. Representatives from the Personal & Property Crimes Section, which *1-11251-631x*

AUG 18 1981

1

Memorandum from W. R. Gilbert to Mr. Monroe
Re: WAYNE BERTRAM WILLIAMS

included the Section Chief and Unit Chief of the Personal Crimes Unit, traveled to Atlanta on 6/16/81 and returned the morning of 6/18/81 with SAC, Atlanta, the acting U. S. Attorney (USA), and Assistant USA to consult with the Department of Justice concerning the prosecution of this matter.

During the weekend of 6/12-14/81 Lee Brown, Public Safety Commissioner in Atlanta, criticized the FBI for the handling of the bridge incident, with Brown specifically stating that the FBI had mishandled the bridge incident. SAC Glover indicated that as the public safety commissioner has responsibility for fire, police, and general safety, Lee Brown is not the most knowledgeable individual concerning captioned investigation. The only specific knowledge he has of the investigation has been obtained through Deputy Chief Redding or SAC Glover. Therefore, the statements made by Lee Brown were based not necessarily on full knowledge of all the circumstances surrounding the bridge incident.

Before the bridge surveillance was instituted, an operational memo was provided by the Atlanta Division FBI to the APD outlining the general framework for each surveillance team and listing an APD officer as the team leader with the FBI Special Agent as the surveillance coordinator. This investigative technique was under the direct control of Major Holley, APD.

Police recruit [REDACTED] first became aware of a splash in the water at 2:53 a.m. and instituted a radio call to police recruit [REDACTED] who was on the opposite side of the river concealed along the bridge railing at eye level of the bridge roadway. Immediately after the radio transmission [REDACTED] saw the car and alerted patrolman [REDACTED] who subsequently followed Williams' car after it turned around in the liquor store parking lot and proceeded to recross the bridge. Shortly after recrossing the bridge SA [REDACTED] followed patrolman [REDACTED] and both shortly thereafter stopped suspect Williams. It had been determined from the time recruit [REDACTED] saw Williams' car to the time it was seen by SA [REDACTED] it was the only car on the James-Jackson Bridge. 7
etc

At the time of the stop suspect Williams asked, "What's this all about? I know this must be about those boys." Williams indicated he was in the area trying to contact a Cheryl Johnson concerning an entertainment job with the company he was associated

Memorandum from W. R. Gilbert to Mr. Monroe
Re: WAYNE BERTRAM WILLIAMS

with, Nova Entertainment Corporation. Williams denied stopping on the bridge, denied driving slowly on the bridge, denied throwing anything off the bridge, and advised there were two other vehicles on the bridge at the same time his vehicle was.

During this questioning Williams was asked if he would allow his car to be searched, and Williams gave his permission for the search. At that time SA [REDACTED] using a flashlight, saw two cardboard boxes and a bedspread (white with black and green design), and two brown grocery bags. Williams claimed the bags contained clothes that were both his and his mother's.

Shortly after Williams' vehicle was stopped, SA [REDACTED] arrived at the scene and began to interview Williams. Additionally, Captain [REDACTED] who is the SWAT Coordinator for the APD, and another APD officer arrived at the scene. After the arrival of additional people SA [REDACTED] returned to the bridge, picked up APD recruit [REDACTED] and returned him to the scene to identify the car, and [REDACTED] advised, "That's the car." Subsequent to SA [REDACTED] returning to the scene he and an APD officer searched the vehicle, with each taking one side of the vehicle to conduct the search. Items found during the search included men's clothing, as previously reported, and ladies' clothing, appearing to be that of a woman whose build was heavy and short. b7c

While the search was occurring, SA [REDACTED] left the area to telephonically contact SA [REDACTED] to determine what course of action should be taken regarding Williams. SA [REDACTED] has the specific recollection of that conversation with SA [REDACTED] and he based his decision to release Williams on the following facts: No one had seen Williams' vehicle stop on the bridge; no one had seen the suspect get out of the vehicle; suspect Williams was completely cooperative; nobody was seen; there was no indication that the suspect was other than that of a passerby; and an element of uncertainty existed as to the keenness of the observation of APD recruits since some had only been recruits for several days. Also, Captain [REDACTED] APD SWAT Coordinator, was on the scene and saw no reason or indication to further hold Williams for questioning.

It is the opinion of the Criminal Investigative Division and SAC, Atlanta, that the incident which occurred during the early morning hours of 5/22/81 concerning the stopping of then suspect Williams was handled in an appropriate and correct manner. The events leading to the stopping of the suspect's vehicle and the decision made that no further action regarding then suspect

Memorandum from W. R. Gilbert to Mr. Monroe
Re: WAYNE BERTRAM WILLIAMS

Williams were based on the valid set of facts, and neither the FBI nor APD representatives on the scene at that time had justifiable reason to take further action regarding Williams. It is noted that subsequent to the incident, Deputy Chief Redding had indicated to SAC, Atlanta, that the reason for Captain [REDACTED] being on the scene was that he was the most experienced officer, as SWAT Coordinator, to evaluate circumstances which might occur pursuant to the bridge surveillance. The experience level of both the FBI and APD personnel on the scene and in the Atlanta FBI Office was more than adequate to evaluate the situation, and an appropriate decision was made at that time.

DETAILS: Following the arrest of Wayne Bertram Williams on 6/21/81, Judge Webster requested a determination be made concerning the cost of this investigation, as well as to determine the number of field offices that furnished investigative personnel to the Atlanta Division for this major investigation.

The following are estimated cost figures through indicated dates:

1. \$865,779 through 5/31/81, for SA manpower (Turk), per diem, GTRs, supplies, confidential expenditures, and overtime for support employees.
2. \$54,300 through 6/22/81, for rental cost of seven surveillance vehicles (\$1,500), field support account (\$8,000), and use of an average of 14 Bureau cars for 160 days at \$20 per day (\$44,800).
3. \$119,598 through 6/19/81, for support salaries on an average of GS-5 - Step 5, for 2,238 work days at \$53.44 per day.

SEP 1 1981

b7c *[REDACTED]* *(6)* *[REDACTED]*

51 *[REDACTED]*

Memo W. R. Gilbert to Mr. Monroe
Re: WAYNE BERTRAM WILLIAMS

4. \$48,838.76 concerning the Investigative Support Information System (ISIS) for one model 40/8 Maxi Cluster (\$33,204.90), shipping (Washington, D.C. to Atlanta)(\$1,600), KG-13 (crypto)(\$8,000), CAU crypto auxiliary unit,(\$3,000), KG-13 safe (\$1,100), telecommunications line/installed (\$404.20), line costs to date (\$710 per month is the current rate) (\$1,029.88), and supplies purchased during installation (\$499.78).

TOTAL \$1,088,515.76

SAs from 20 FBI field offices were utilized on a temporary basis during the course of this investigation. Additionally, five offices were affected since the transfer of SAs out of the Atlanta Division was delayed until completion of this investigation. Fifteen offices furnished 22 Bureau vehicles and the Chicago Division furnished a fixed-wing aircraft.

The SAs temporarily assigned to the Atlanta Division will return to their respective offices on 6/26/81. The SAs whose transfers were delayed will effect their move as soon as possible.

The offices listed below contributed SAs as indicated:

<u>Field Office</u>	<u>Number of SAs Contributed</u>
Baltimore	3

Re Bureau teletype to Atlanta, dated 6/30/81.

Enclosed for the FBI Laboratory, and each recipient office, is one sample of green carpet, taken from the residence of subject Wayne Bertram Williams.

Recipient offices should use enclosed carpet samples to show carpet manufacturers that they were instructed to contact in referenced teletype. If any of the carpet manufacturers identify carpet sample as being manufactured by them, a list of their retailers should be obtained and forwarded to Atlanta for appropriate action. Atlanta is especially interested in any retailers of carpet in the Atlanta area.

Re telcal from SA [REDACTED] to SA [REDACTED] b7c
 [REDACTED] FBI Laboratory, 7/7/81.

Enclosed for the FBI Laboratory is one sample of West Point Pepperell carpet, style Luxaire, color english olive, 100 percent single yarn fiber, manufactured from Wellman Corporation, "Wellon" type 181B nylon staple fiber. (M)

For information of the Laboratory, this carpet was manufactured from 1970 to 1974 and remained in the product line until 1975, when it was discontinued.

Physical and visual examination by [REDACTED] b7c
 Purchasing Manager of Fibers, Yarn and Backings, West Point Pepperell, Dalton, Georgia of the carpet sample from the bedroom of Williams, revealed numerous similarities with carpet manufactured by West Point Pepperell.

[REDACTED] indicated that his company's laboratory would conduct numerous tests standard to the carpet industry to attempt to determine if sample carpet is identical to and manufactured by West Point Pepperell. Additional testing, if needed, could be conducted by outside independent laboratories.

b7c
Dear [REDACTED]

I am enclosing the information furnished to the FBI Laboratory by [REDACTED] Wellman Corporation concerning the purchases of Wellman nylon staple fiber Type 181B. One listing includes the Wellman customers from 1967 to 1974, the years when Type 181B was being manufactured, and the amount in pounds sold during each year. The second list gives addresses and contact people for each customer. These customers are all spinners of yarn. A few of the companies also produce carpet but most sell their yarn to a separate carpet manufacturer. These companies have been contacted and information about the purchasers of yarn is presently being obtained. b7c

These customers produce single-ply yarn similar to that in Williams' carpet. As discussed previously we will have to go back to Wellman later to identify other purchasers of Wellman nylon from 1967 to 1974. MD

71862

The Wellman people have not been able to locate their 1969 sales records but will furnish this information to us as soon as it is obtained.

I have also enclosed xerox copies of seven polaroid photographs of the Wellman "short leg" fiber like that used in Williams' carpet and a xerox of a regular trilobal which Wellman now manufactures. These photographs were from the Wellman files.

V-60

7-18251-635

Two carpet samples and two fiber samples, all being composed of Wellman fiber Type 181B, are also enclosed. These were also furnished by [REDACTED] who stated that the manufacturers of the carpet samples are unknown.

Mr. Larry Peterson

By the time you get this letter you will have probably received a sample of carpet from the West Point Pepperell Company in Dalton. I have not seen the sample yet but it supposedly looks like a match with Williams' carpet. Pepperell manufactured the Luxaire line, of which the sample is a member, from 1970 through 1975. We are only concerned with 1970 and 1971 as Pepperell switched to a DuPont fiber in 1972. We are also getting all available records concerning the customers and amount of this type of carpet sold in the Atlanta area.

I also want to mention several other areas where the FBI may be of some assistance in your present effort. The Laboratory has a Special Projects Section, whose major function is the preparation of exhibits, charts and other types of visual aids that can be extremely useful in courtroom presentations. Let me know if you plan to use any visual aids and if you want our assistance.

If you have had no success in determining the source of the bedspread from Williams' room, our Special Photography Unit may be able through some photographic techniques to obtain some information from the illegible label on the bedspread.

Also, if you decide to pursue the determination of the amount of carpet like that in Williams' automobile, the FBI has contacts at the General Motors Corporation that we can furnish to you or that we can contact ourselves. If there is any chance that the rug fiber from Barrett's shoe which matches fibers from Williams' automobile will be used at the upcoming trial, the contacts with General Motors may result in valuable information.

We are also presently beginning to classify and characterize numerous dog hair samples obtained in the Washington area from Huskies, Malamutes, Keeshounds and Elkhounds. We are also starting to receive German Shepherd hairs. We can make these samples available to you if you wish to conduct additional comparisons.

b7c
I've enclosed a few applications for our specialized schools for [REDACTED] and others who expressed an interest in attending one of the hair and fiber schools at the FBI Academy. Our next school is scheduled for September 21 through October 2, 1981. We will also be teaching four 2-week schools in hairs and fibers next year.

Keep up the good work.

Sincerely,

[REDACTED]
[REDACTED]

C) Surveillance of Wayne Bertram Williams

FEDERAL BUREAU OF INVESTIGATION

1

Date of transcription 6/23/81

On June 21, 1981, a physical surveillance was conducted at 1817 Penelope by Special Agent [REDACTED]. The following is a chronological listing of observed events. b7c

8:00 A.M. on site, no activity

10:35 A.M. Homer Williams (H.W.) leaves residence in a green Dodge Polara, Georgia license LFL-457, refusing to allow Atlanta Police Department uniformed officer to look in trunk

10:40 A.M. H.W. parks Polara in a parking lot on Ashby Street at Fair and walks away from automobile toward church

1:30 P.M. H.W. returns to residence driving Polara

3:30 P.M. Wayne Williams (W.W.) departed residence driving Polara.

3:40 P.M. W.W. parks in driveway, 3262 Hazelwood and enters residence

The following investigation was conducted by SA [REDACTED] b7c
[REDACTED] on June 18, 1981:

Mr. Wayne B. Williams, 1817 Penelope Road, N.W., Atlanta, Georgia, came from his residence and walked over to the area occupied by the FBI, Atlanta Police Department (APD) and ABC news. He informed all that he was at home and had nothing to do with the decomposed body found on Bankhead Highway as reported in the news.

Wayne B. Williams then talked about general topics. He also advised the trip to California was probably off due to the upcoming air controller strike set for June 22, 1981. He further advised his current injunction is centering around the news media, in particular news reporters.

Mr. Williams also indicated he did not care for SA [REDACTED] b7c of the FBI and bet that [REDACTED] would not sit by an open door in a plane flying at 50,000 feet with Wayne Williams sitting beside him.

Mr. Wayne B. Williams then returned to his residence.

Date of transcription 6/23/81

On June 20, 1981, a physical surveillance was conducted at 1817 Penelope Street by Special Agent [REDACTED]. The following is a chronological listing of observed events. b7c

8:00 A.M. On site, no activity.

10:00 A.M. Homer Williams (H.W.) leaves residence driving a green Dodge Polara, Georgia license LFL-457, accompanied by wife. Prior to leaving, H.W. called an Atlanta Police Department uniformed officer to check the trunk.

11:56 A.M. H.W. and wife return to residence.

1:02 P.M. H.W. leaves in white station wagon.

1:07 P.M. H.W. returns.

1:24 P.M. H.W. leaves in green Polara refusing to allow Atlanta Police Department to look in trunk. Special Agent [REDACTED] followed H.W. at 60 and 80 miles per hour through 25 miles per hour speed zones in the West End section of Atlanta; H.W. ignored stop signs and stop lights. b7c

1:30 P.M. H.W. parks the Polara at 836 Gordon Street and leaves the automobile

1:40 P.M. H.W. returns to automobile and again drives at excessive speeds in a careless manner through the West End.

1:52 P.M. H.W. parks at 1233 Oak Street, gets out of his automobile and approaches Special Agent [REDACTED] who has parked immediately behind the Polara. H.W. stated "I think I can lose you." b7c

Date of transcription 6/21/81

[redacted] telephone [redacted] provided Special Agents [redacted] and [redacted] with a clipping of an advertisement he read in the November 16, 1980, "Atlanta Daily World." The following is transcription of that article:

"Young Music Talent Sought"

Metro Entertainment Productions and Atlanta Studios, Inc., will conduct interviews to fill several positions here between November 24 and December 20 in some of the youth recording acts, managed by the two firms Wayne B. Williams, vice president said Friday.

Included in positions will be Gemini, a five member vocal - instrumental act; Diaz, an eight member self-contained unit, and Deviation, a four member female vocal - instrumental group.

Interviews, which are opened to persons between the ages of 12 and 21 years, will be conducted in private, and will call backs auditioned at Atlanta Studios, after which determinations will be made.

There are no fees involved, even if offered a position.

The companies are simply seeking to locate young people who have an interest in an entertainment career, and give them a chance to join a professional act of the same age range here in Atlanta.

For further information, contact Donald Simpson, or Williams at 794-9980 or Kathy Andrews at Atlanta Studios at 231-9888.

Wayne B. Williams
1817 Fenelope Road, N.W.
Atlanta, Georgia 30314
(404) 794-8980

PERSONAL INFORMATION:

Date of birth - May 27, 1958 , Atlanta, Georgia
Height - 5'7½"
Weight - 160 lbs.
Eyes - Dark Brown
Health - Good

EDUCATION:

Primary - Anderson Park Elementary School, Atlanta, Georgia (General Studies)
Secondary - Frederick Douglass High School, Atlanta, Georgia (General Studies)
College - Georgia State University, Atlanta, Georgia (Psychology/Business Admin.)

SCHOOL ACTIVITIES AND RECOGNITION:

During my elementary years, I became the first student government president of our school. Upon entering high school, I became involved with the band, ROTC rifle team, baseball, and became a member of the National Honor Society. I also became heavily involved with various media - related activities which continued through college.

Awards include: ROTC Marksmanship Award
FBLA Club Outstanding Member Award
Douglass High School Mass Media Award
First Place Science Fair Awards (several)
United States Congressional Award for Media Accomplishments
National Assn. of Media Women's Award for Leadership in Media

OTHER PROFESSIONAL TRAINING:

I am a Third Class, F.C.C. licensed broadcaster, current status.
I have completed Basic Emergency Medical courses with a current C.P.R. rating.
I have completed training as an arson identification photographer for the City of Atlanta Public Safety Department.
I have attended various performing arts workshops including the Youth Experimental Opera Workshop as well as various music production workshops, video & film workshops, management - artist relations seminars, and several radio programming seminars and workshops.
I am a professional photographer in the film, video, and still fields.
I have completed NASCAR race - driving courses and have a track rating.

HOBBIES AND INTERESTS:

My interests include various sports, reading, flying, photography, astronomy, music, and semi - pro auto racing.

GOALS:

My primary life goals are to further my involvement in the entertainment industries and to help bring new persons into the field at a professional level.

EMPLOYMENT HISTORY

June, 1973 to November, 1973

WIGO RADIO STATION
Atlanta, Georgia

POSITION: Staff announcer

In addition to my on - air shift, I did production and produced a weekly public affairs program. Later, I did on - air news reporting.

November, 1973 to March, 1974

WRAZ RADIO STATION
Atlanta, Georgia

POSITION: News Director

I was responsible for the general operation of the news department, I also started a training program and instituted a total news policy for the station. I was responsible for starting investigative reporting, and also starting a fast - reaction team to cover breaking stories via live on - scene coverage.

April, 1974 to October, 1974

WRAZ RADIO STATION
Atlanta, Georgia

POSITION: Program Director

My duties included the overall operation supervision of the programming, news, public affairs, and general operations. I installed a passive/active audience research system, devised a functional music classification/rotation format, and established a definite style for the station. I started an intense orientation program for the air - staff because of the special format we used. I co - ordinated in the development of promotional activities with both sales and the general management.

October, 1974 to January 1976

WRAZ RADIO STATION
Atlanta, Georgia

POSITION: V. President & General Manager

I was responsible for the total operation of the stations. The duties were overseeing sales, operations, technical operations, promotions, and public relations. I did regular reporting and co - ordination with the Board of

(4)

EMPLOYMENT HISTORY (contd)

Directors of the parent company, of which I was a Vice President. This continued until the sale of the radio station.

March, 1976 to July, 1976

WBIE - FM/WCOB - AM RADIO STATIONS
Marietta, Georgia

POSITION: Assistant News Director

I handled basic news gathering operations for the station. I also did fill - in on - air work for the stations.

July, 1976 to January, 1977

WGST RADIO STATION.
Atlanta, Georgia

POSITION: Researcher / Assistant Production Director

I was responsible for conducting passive and active research activities to determine programming effectiveness. Also, I headed the P.M. production department operations in addition to the research activities. I was also a producer of THE ATLANTA FALCONS Football games and a producer of some GEORGIA TECH Football games during the season.

January, 1977 to June, 1977

DEPARTMENT OF PUBLIC SAFETY, BUREAU OF FIRE SERVICES
City of Atlanta

POSITION: Arson Identification Person

During this period, I was asked to create an arson identification unit for the Bureau. I was responsible for arson - scene photography and assisted in such investigations. I also shot training film for the Bureau of Fire Services.

EMPLOYMENT HISTORY (contd)

January, 1979 to March, 1979

WSB TELEVISION STATION - SPECIAL ASSIGNMENT
Atlanta, Georgia

As a result of a special series my company was doing for the station, I temporarily became a news photographer, on staff for the station. I also did editing and night beat stories for the station.

January, 1977 to Present

SOUTHERN MEDIA COMMUNICATIONS INC. / NOVA ENTERTAINMENT CORPORATION
Atlanta, Georgia

POSITION: Vice President

The company, which I started does media consulting and production projects for radio stations, ad agencies, and other media - related businesses. The work covers concept and technical considerations. The other area, NOVA ENTERTAINMENT, is a professional recording artists management and production firm. This is my primary work area. The work covers artist development, production, and limited marketing package creative work.

6/10/81

Date of transcription

On June 4, 1981, at approximately 12:15 A.M., Wayne Bertram Williams, 1817 Penelope Road, Northwest, Atlanta, Georgia, was contacted at the Atlanta Office of the Federal Bureau of Investigation by Special Agent [REDACTED]

[REDACTED] Williams, who had been interviewed and previously advised of his rights, was further advised that Special Agent (SA) [REDACTED] would like to obtain hair samples from him. Mr. Williams indicated his desire to furnish these hair samples.

SA [REDACTED] obtained numerous head hairs from Williams by pulling and by cutting head hair from various areas of Williams' scalp and by running a comb through the head hair of Williams.

[REDACTED]

In addition to SA [REDACTED] and Williams, SA [REDACTED] Davis, Federal Bureau of Investigation and Sergeant [REDACTED] Atlanta Police Department, were present at various times while the hair samples were being collected. [REDACTED]

[REDACTED] was advised of the identities of the interviewing Agents and of the nature of the interview. b7c

[REDACTED] provided records which indicated that Wayne Bertram Williams purchased a new 1978 Plymouth from Bob Maddox Chrysler Plymouth, Incorporated, 330 Forest Parkway, on May 24, 1978. The vehicle was purchased in the name of Southern Communication, 1817 Penelope Road, Northwest, Atlanta, Georgia. The account number was 3344593.

The vehicle was later repossessed by the Chrysler Credit Corporation on December 31, 1979, because of payment default. The automobile was described as a 1978 Plymouth Fury, bearing a 1979 Georgia license tag NFJ846, Vehicle Identification Number (VIN) RL41G8A118567, four-door, and being blue in color.

An inventory of the personal affects belonging to Wayne Bertram Williams was conducted by [REDACTED] at the time of the repossession. [REDACTED] listed the following as being in the automobile: b7c

1. One police siren.
2. One blue emergency light.
3. One red emergency light.
4. One amber emergency light.
5. One police scanner radio.
6. One CB (Citizens Band) unit.
7. One headlight equipped with flashers.

After repossession, the vehicle was sold back

to Bob Maddox Chrysler Plymouth located at 330 Forest Parkway, Forest Park, Georgia. The vehicle was purchased by Bob Maddox Chrysler Plymouth on January 30, 1980.

On the Chrysler Credit Corporation application for credit, Wayne Bertram Williams listed the following as credit references:

1. Trust Company Bank, located on North Avenue.
2. Citizens and Southern Bank on the South Expressway.
3. General Communications located on Spring Street.
4. Atlanta Photo Supply on Walton Street.
5. Gifford Labs on Bishop Street.

Williams also stated on the credit application that he possessed a 1979 Ford LTD, four-door, VIN 9AC3F178493.

On June 8, 1981, [REDACTED] Ben Hill Recreation Center, 2405 Fairburn Road, Southwest, Atlanta, Georgia, telephone 404/344-1955, was located at the recreation center. After being advised of the nature of the interview, and of the identity of the interviewing Agent, [REDACTED] voluntarily provided the following information:

[REDACTED] stated he is currently a summer coordinator as well as an official with regards to organized team activities. [REDACTED] stated that he had been working at the Ben Hill Recreation Center since 1973. As such, [REDACTED] stated that he normally officiates all basketball games at the center. At this time, [REDACTED] was displayed a photographic spread which included the black and white photograph of Wayne Bertram Williams, date of birth May 27, 1958. After observing this spread, [REDACTED] stated that he was not familiar with anyone depicted therein. [REDACTED] was then displayed a xeroxed copy of a flyer with the annotation "Can You ? ? Sing or Play an Instrument." [REDACTED] stated that he had never observed this flyer before. [REDACTED] was then asked if he was familiar with any basketball player in the men's adult league utilizing the nickname "Red." [REDACTED] stated that based upon his knowledge and his familiarity with the players, he was not familiar with any individual utilizing this nickname. [REDACTED] pointed out to the interviewing Agent that he was familiar with a basketball player utilizing the name "Red," but this individual was not associated with the Ben Hill Recreation Center nor did this individual ever play at the Ben Hill Recreation Center. b7c

[REDACTED] pointed out to the interviewing Agent that at no time are street shoes or street clothing permitted in the gymnasium section of the recreation center. [REDACTED] stated that no individual, even those who would occasionally stop in for practice or "just to shoot baskets" were permitted to be in the area with street clothing or street shoes. Finally, [REDACTED] stated that with regards to the adult league, men utilized the gymnasium area on Tuesday, Wednesday and

On June 8, 1981, [REDACTED] Ben Hill Recreational Center, 2405 Fairburn Road, Southwest, Atlanta, Georgia, telephone 404/344-1955, was located at that facility. After being advised of the nature of the interview, and of the identity of the interviewing Agent [REDACTED] voluntarily provided the following information:

According to [REDACTED] a review of all written records with regard to the adult basketball league, indicated that there was not a team utilizing the name Schlitz nor was there any team that had the name Schlitz on their shirts. Further, according to [REDACTED] based upon personal knowledge, she stated that no team had been sponsored by Schlitz. [REDACTED] stated that the only team that had been sponsored by any type of brewery or beer company was a women's softball team that was sponsored by Stroh's.

[REDACTED] was displayed a photographic spread including the black and white photograph of Wayne Bertram Williams, date of birth May 27, 1958. After observing the individuals depicted in this photographic spread, [REDACTED] stated that she was not familiar with anyone pictured therein. However, [REDACTED] stated that the photograph of Williams was "possibly familiar," and that it was possible that the individual depicted in the photograph had been in to shoot baskets. However, [REDACTED] was unable to provide any definite information with regard to the individual depicted in the photograph, was unable to provide any type of automobile that this individual utilized, and was unable to provide the identities of any associates of this individual. b7c

[REDACTED] was displayed a xerox copy of a flyer with the annotation "Can You ? ? Sing or Play an Instrument." After observing this flyer, [REDACTED] stated that she had not observed this flyer in the Ben Hill Recreation Center.

Upon request, [REDACTED] conducted a review of written records with regards to the adult men's basketball league for the spring of 1981 that had been held at the Ben Hill Recreation Center.

The following observations were noted on May 22,
1981:

Telephone number 934-7767 is subscribed to by the Southern Bell Telephone Company, Tucker, Georgia. It is referred to as an assignment number and is essentially a working number for in-house operations for Southern Bell Telephone Company. The number is not manned after 6:00 p.m.

Telephone number 934-7766 has a "changed" recording answering the telephone. The caller is advised that the number has been changed to 768-2710. In dialing this number, it comes to a Merle Norman Cosmetics Studio, Old National Village, 5151 Old National Highway, College Park, Georgia.

Both of the above two telephone numbers, 934-7767 and 768-2710, were unfamiliar with the name Cheryl Johnson as an employee or a customer.

Q107	F
Q108	G
Q109	H
Q110	I
Q111	J
Q112	K
Q113	L
Q114	M

Result of examination:

The Q96 through Q101 photographs were examined in an effort to locate and identify any specific markings or other characteristics on those items which would indicate whether or not they were produced with the same camera and/or enlarging equipment as the previously submitted photographs designated Q102 through Q114.

Q96 through Q101 do exhibit characteristics indicative of less than professional quality or custom printing. They exhibit chemical stains and other traits which indicate that they may have been printed by hand as opposed to professional automated machinery.

Q96 through Q100 do have some minute edge marking imperfections which are not consistent with each other. The Q96 through Q101 photographs were taken against a very light wall or light colored paper background utilizing at least 2 sources of light.

The Q102 through Q114 photographs were also examined individually in an effort to determine a common source. Q102, Q103, Q105, Q106 and Q108 all exhibit an edge mark which is consistent among those specimens.

199
10/11

Q103 through Q108 and Q112 through Q114 all exhibit markings upon their surface which were placed there during the finishing or drying process. These markings do not appear on any of the other photographs examined in this matter.

Q109 was not associated with these other photographs inasmuch it is a very old print. Both Q110 and Q111 are color photographs which were printed by the Eastman Kodak Company.

As a result of the individual examinations and the intercomparisons it cannot be determined whether Q96 through Q101 are or are not from the same source as Q102 through Q114.

Q96 through Q101 will be returned with the results of the latent fingerprint examination. Q102 through Q114 are returned herewith. You have previously been furnished the results of the latent fingerprint examination of those specimens.

FEDERAL BUREAU OF INVESTIGATION

Washington, D. C. 20537

REPORT

of the

LATENT FINGERPRINT SECTION IDENTIFICATION DIVISION

YOUR FILE NO.
FBI FILE NO.
LATENT CASE NO.

June 23, 1981

TO: SAC, Atlanta

RE: ATKID;
MC #30
KIDNAPING

REFERENCE: Letter 6/5/81
EXAMINATION REQUESTED BY: Atlanta
SPECIMENS: Thirteen photographs (only eleven
mentioned in relet)
Brown manila envelope
Record of earnings stub
Check
Piece of torn paper
Copies of finger and palm prints of
Larry E. Rogers, Eddie Lamar Duncan
and Jimmy Ray Payne
Copies of palm prints of Michael McIntosh
Copies of fingerprints of William Barrett
and Patrick Baltazar

Photographic negatives of the photographs were prepared prior to processing for latent prints.

Seventeen latent fingerprints of value were developed on photographs designated A through F and a torn piece of paper bearing phone numbers. No latent prints of value were developed on the remaining specimens.

Enc. (4)

201
[Handwritten initials]

SAC, Atlanta

June 23, 1981

The latent fingerprints are not fingerprints of Wayne Bertram Williams, FBI #847900P9. Eleven of these latent fingerprints are not fingerprints of victim Michael Cameron McIntosh, FBI #843967P10. The six remaining latent fingerprints, which are from the extreme side, tip and lower joint areas of fingers, were compared, insofar as possible, with the available fingerprints of McIntosh, but no identification was effected.

These latent fingerprints were compared with the unidentified latent fingerprints, which were obtained from the residence and car of Wayne Bertram Williams, but no identification was effected.

The disposition of the photographs will be furnished in a separate Laboratory report. The copies of finger and palm prints are being retained. The remaining specimens are enclosed.

The latent prints obtained from the residence are presently being compared with the available finger and palm prints of victims in this case and the result will be furnished separately.

This report supplements our LFPS report dated 6/9/81.
